

Course 42

Creating an Active Training Environment

Professional Development Portfolio Requirements:

Your Professional Development Portfolio is designed to help you apply what you learn at the NJATC's National Training Institute (NTI). It provides you with an opportunity to document your development as you continue to grow as an instructor.

The following artifacts should be included from Course 42:

- (A) A lesson from the curriculum you teach at your local JAC that has been *enhanced with active learning and teaching strategies*. The lesson is expected to incorporate strategies addressed in the course.

- (B) A lesson from the curriculum you teach at your local JAC that has been *redesigned as an inquiry lesson using the 5-E lesson model*. The lesson must meet the criteria for an inquiry lesson displayed on the 5-E Lesson evaluation form (see appendix A).

- (C) A one page action plan explaining how you will assess your instructional effectiveness in an active training environment. The plan must address the criteria on the Instructional Effectiveness Performance Plan Checklist in Appendix A

These course requirements must be word processed and free of grammatical errors.
