8:00 AM – 5:00 PM **Late Registration** – Michigan League, 1<sup>st</sup> Floor

11:30 AM – 1:00 PM **Lunch** Michigan League – Central Campus, Univ. of MI

1:00 – 2:30 PM **C/SC Group Opening Session**–Rackham Auditorium

**Welcoming Remarks** – Todd Stafford

**Blended Learning Updates - featuring Coordination (CLCS), Enrollment (TMS) and Reporting (LMS)** – Greg Greiner

2:30 – 3:00 PM **Refreshment Break**

3:00 – 5:00 PM **C/SC Group Opening** – Rackham Auditorium

**Implicit Bias: What is it, and Why does it Matter?** – Dr. Marc De Simone

Almost all people, even well-intentioned people have biases of one kind or another. We will discuss various biases. In this session, we will explore what social science research teaches us about “implicit bias,” and its impact on fair and impartial human interactions. We will attempt to recognize our unconscious biases, so we can implement unbiased behavior resulting in Fair and Impartial Customer Service! People trained in fair and impartial interactions are more likely to be effective at responding to dealing with others and handling conflict and enhance/promote trust on the part of the people they serve.

5:30 PM **Group Photograph** – Hill Auditorium

5:45 PM **Opening of the 2018 National Training Institute** – Hill Auditorium

**Dining for Dollars Voucher Program:** Any participant (and family member) attending opening session will receive a voucher worth \$25.00 for use at any participating local restaurant Monday through Thursday evening during NTI. You must be in attendance and seated in the auditorium to receive the voucher. Participating restaurants are listed in the Event Guide.

Immediately Following: **Welcome Reception** – Ingalls Mall (next to Hill Auditorium)  
Reception is a relaxed, informal atmosphere.

**REMEMBER:** *There is no “standing” in any classrooms, if there are no seats, please attend another session.*

## MONDAY, JULY 30, 2018

7:30 – 8:45 AM **GENERAL SESSION** – Modern Languages Building (MLB) Auditorium #4

**Lessons in Leadership from the Battle of Baltimore** – Dr. Marc De Simone

**Imagine this:** The United States of America invaded! Washington, DC, destroyed - the White House, the Capitol, and other public buildings, burnt to the ground. *Many people think: “This could never happen . . .” but it already has happened - during the War of 1812!* America’s “forgotten” Second War for Independence. Against all odds, **one American heroically led the defense** of the United States that inspired Francis Scott Key at Ft. McHenry and helped save us as a nation.

**General Samuel Smith** became a military hero for the second time in his illustrious life. His efforts are immortalized in our country’s National Anthem, *The Star Spangled Banner*. **This training investigates Leadership Lessons from the life of Sam Smith and helps participants to apply those timeless lessons today!**

8:45 – 9:00 AM **Refreshment Break**

9:00 – 10:15 AM **BREAKOUT SESSIONS** – Modern Languages Building (MLB) and North Quad (NQ)

**MLB Room 1 Session 1: ESAMTAC & The Energy Storage Opportunity** – Bernie Kotlier

The energy storage market is growing rapidly and the ESAMTAC training effort has made significant progress through the development and refinement of curriculum, training instructors, and creating a robust coalition of industry stakeholders with the support of the *electrical training ALLIANCE*. The purpose of this session is to review the status

of the program, discuss the opportunities within the energy storage market and to engage additional JATC interest in providing the training and deploying the ESAMTAC program.

- MLB Room 2**      **Session 2: TradeSchool Apprenticeship Platform** – Lance Hallberg  
Looking for a software solution for your JATC? TradeSchool is the complete solution for complex data tracking with an intuitive interface. Use TradeSchool to track Applications, Apprentices, Journeyman, Contractors, Classes, Document Management, Batch Emails and SMS text messaging. Web features include class registrations, hour submission, online applications, job evaluations, instructor access, contractor access, online bill pay and more. This session will demonstrate the core functionality and latest features added in TradeSchool v5.
- MLB Auditorium #4**      **Session 3: Let's Talk About It: Communication, Difference & Powerful Speech** – Marie Arcidiacono Kaufmann  
Having strong oral and written communication skills are essential in the workplace and life. The question is: Are we as skilled as we could be when it comes to our communication? Many times, difficulties in communication can be overwhelming and stifle our desire to engage in important and meaningful discussions. We have to examine three key areas: 1) Our preferred communication style; 2) How to adapt our communication to best serve our goals and relationships; and, 3) Our public speaking confidence. We will also identify the multitude of moving parts that can hinder our ability to engage in effective communication.
- NQ Room 2255**      **Session 4: NECA 2018 Codes and Safety Update** – Michael Johnston and Wesley Wheeler  
NECA Codes and Safety is involved with NFPA Electrical Standards as well as participate with OSHA in the regulatory development process. This presentation will cover many of the changes and updates that have occurred in those organizations as well as discuss some of the tools NECA has developed to assist our members in the electrical industry.
- 10:15 – 10:30 AM      **Classroom Change**  
10:30 – 11:45 AM      **BREAKOUT SESSIONS – Modern Languages Building (MLB) and North Quad (NQ)**
- MLB Room 1**      **Session 1: Residential and Installer-Technician Curriculum Updates** – Jim Simpson
- MLB Room 2**      **Session 2: Craft Certification Update** – Dr. Jim Boyd
- MLB Auditorium #4**      **Session 3: Interim Credentials for the High Schools**– Bill Ball
- NQ Room 2255**      **Session 4: Cyber Security Liability and D&O Insurance** – Jared Burrell and Melissa Garrett  
Cyber Security threats to the JATC have been growing every year and claims from those threats have begun to out pace Fiduciary and D&O claims. This makes Cyber Security the fastest growing risk to the JATC. We will look at best practices and insurance coverages along with updates to coverages and emerging risks on the D&O policies.
- 11:45 AM – 12:45 PM      **Lunch – Michigan League**  
12:45 – 2:00 PM      **BREAKOUT SESSIONS – Modern Languages Building (MLB) and North Quad (NQ)**
- MLB Room 1**      **Session 1: EVITP-Program Update and Installation Opportunities** – Bernie Kotlier, Jennifer Mefford and Kelly Waters  
The Electric Vehicle Infrastructure Training Program (EVITP) continues to provide training and certification throughout the U.S. and Canada. The presentation will include an update on the growth of the program, accessing the new materials through the LMS and provide case studies on how EVITP certification has led to business development opportunities for our affiliates. Installation programs in both California and Ohio will be explored with a robust conversation around how to advance the EVITP standards in attendees home markets and leverage business opportunities. As Smart Cities initiatives and EV charging expand, EVITP certification provides yet another tool to differentiate and position as the market leader.
- MLB Auditorium #4**      **Session 2: Let's Talk About It: Communication, Difference & Powerful Speech** – Marie Arcidiacono Kaufmann  
See Previous Description
- MLB Auditorium #3**      **Session 3: I Group's Professional Development Program** – Dr. Charles Backes and Dr. Julie Brockman  
The National Training Institute's I Group is transitioning from the Professional Portfolio to an Online Professional Development Program for participants and instructors to use to document, assess, and share professional competencies and professional development activities. This presentation will introduce attendees to the basic structure and purposes of the new program.
- NQ Room 2255**      **Session 4: Construct Your Future, A Recruitment Campaign** – Tom Germuska  
Construct Your Future (CYF) is an *ALLIANCE* recruitment initiative to promote registered apprenticeship programs. The program's website, [www.ConstructYourFuture.com](http://www.ConstructYourFuture.com), acts as a center point for digital recruitment campaigns and can serve as a center point for JATC/AJATCs actively recruiting apprentices by providing them a place to host a customized landing page(s). CYF is also on Facebook ([www.facebook.com/CYFutureCareer](http://www.facebook.com/CYFutureCareer)) and Twitter ([www.twitter.com/CYFutureCareer](http://www.twitter.com/CYFutureCareer)). The *ALLIANCE* worked with BMA Media Group to build the program and create branding for all JATCs to use as a tool for recruiting the next generation of electrical workers.
- 2:00 – 2:15 PM      **Refreshment Break**

2:15 – 3:30 PM	<b><i>BREAKOUT SESSIONS – Modern Languages Building (MLB) and North Quad (NQ)</i></b>
<b>MLB Room 1</b>	<b>Session 1: Apprentice Recruitment in the Digital Age – Jerrod Borkey</b> This session will focus on Apprenticeship Recruitment and how to find new members in the digital age of advertising. It's essential to conduct inbound marketing campaigns that align all of your marketing channels to meet the goal of growing the number of apprentices: growing the number of applicants, the quality of those that apply, and the retention of quality members. Some marketing best practices and suggestions will be covered, including details about successful marketing campaigns that can include the following tools: websites, website landing pages, calls-to-action, emails, blog posts, social messaging, ranking keywords, pay-per-click ads, press release syndication and ongoing lead nurturing workflows.
<b>MLB Auditorium #4</b>	<b>Session 2: Substance Abuse: IBEW-NECA electrical training ALLIANCE Model Substance Abuse Policy and Program for JATCs – Lucas Aubrey</b> This session will focus on issues related to testing for drug and alcohol use. We will focus on the ALLIANCE's Model Substance Abuse Policy and Program for JATCs. We will consider: who we test and under what circumstances; what drugs we test for; what testing procedures we use; what safeguards we put in place to protect worker dignity and privacy rights; and the consequences of testing positive. We will also discuss legal issues related to testing and current issues, including (1) the legalization of medical and recreational marijuana; and, (2) problems being encountered with testing, such as on-site "quick" tests, and how to deal with them.
<b>MLB Auditorium #3</b>	<b>Session 3: New EEO Plans – Allison Feldstein</b>

***TUESDAY, JULY 31, 2018***

7:30 – 8:45 AM	<b><i>BREAKOUT SESSIONS – Modern Languages Building (MLB) and North Quad (NQ)</i></b>
<b>MLB Room 1</b>	<b>Session 1: EVITP-Program Update and Installation Opportunities – Bernie Kotlier, Jennifer Mefford and Kelly Waters</b> See Description from Monday
<b>MLB Room 2</b>	<b>Session 2: EICA Crane and Digger Derrick Certification – Neil Tolson</b> EICA was formed in 2014 to address a need identified by Employers and others in the electrical construction industry that of crane and digger derrick operation near or around electrical lines, as well as the normal difficult terrain found in transmission line construction environments. While other entities were doing crane certifications based on both construction and railroad scenarios, nobody specifically addressed the electrical power line environment. If you are working in the electrical construction industry, we believe we are the certification entity that will be held in the highest regard by your current and future employers.
<b>MLB Auditorium #4</b>	<b>Session 3: New EEO Plans – Allison Feldstein</b>
<b>NQ Room 2255</b>	<b>Session 4: Guidelines for Great Employers: Recruiting, Onboarding, Engaging, Developing and Retaining Your Talent Pool – Dr. Joey Shorter</b> The electrical construction industry is not immune to the skilled labor shortage. Electrical contractors face significant challenges attracting and retaining quality labor. As many in our current workforce age and retire, numbers of new entrants do not suffice to fill our demands for skilled and managerial workers. Considered by many to be the most pressing problem faced by our industry, the talent shortage impacts timeliness and construction project costs negatively. Participants are invited to explore attracting, effectively interviewing, onboarding, developing and engaging talent, while driving accountability with clear expectations, providing coaching and feedback, and clarifying consequences.

MLB Room 1	<b>Session 1: Military Veteran Recruitment</b> – Bill Mulcrone Utilizing Helmets to Hardhats, Connecting National Guard, Reserve, veterans and transitioning active-duty military service members with skilled training and quality career opportunities in the construction industry.
MLB Room 2	<b>Session 2: Employment and Reemployment Rights of Apprentices with Military Service Obligations</b> – Lucas Aubrey The Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) provides a number of re-employment entitlements for employees and protection against discrimination related to military service obligations for employees and applicants. In this session, we will focus on your JATC/AJATC's responsibilities to applicants and indentured apprentices with military service obligations under USERRA. We will also talk about the specific rights of your apprentices under USERRA, as well as the responsibilities they must meet to qualify for re-employment benefits. Come and learn what's expected of you, what your apprentices are entitled to, and what they need to do to earn those entitlements. In addition, we'll talk about what the JATC/AJATC needs to do to avoid discriminating on the basis of past, present or future military service obligations.
MLB Auditorium #4	<b>Session 3: Let's Talk About It: Communication, Difference &amp; Powerful Speech</b> – Marie Arcidiacono Kaufmann See Description from Monday
NQ Room 2255	<b>Session 4: electrical training ALLIANCE's Social Media</b> – Laura Ziemianski The <i>electrical training ALLIANCE</i> is utilizing social and digital media as a way to connect with internal and external audiences. With channels on Facebook ( <a href="http://www.facebook.com/IBWENCAetA">www.facebook.com/IBWENCAetA</a> ), Twitter ( <a href="http://www.twitter.com/IBWENCAetA">www.twitter.com/IBWENCAetA</a> ), LinkedIn ( <a href="http://www.linkedin.com/company/electrical-training-alliance">www.linkedin.com/company/electrical-training-alliance</a> ), and YouTube (channel titled: electrical training ALLIANCE), the <i>etA</i> is growing its digital presence and the quality of material put on those channels. These channels are maintained as a resource, with information ranging from upcoming Train-The-Trainer classes to recruitment messages and everything in between. Come to this session to learn about some best practices and what resources are available to you.
11:45 AM – 12:45 PM	<b>Lunch</b> – Michigan League
12:45 – 2:00 PM	<b><i>BREAKOUT SESSIONS</i> – Modern Languages Building (MLB) and North Quad (NQ)</b>
MLB Room 1	<b>Session 1: Military Veteran Recruitment</b> – Bill Mulcrone See Previous Description
MLB Room 2	<b>Session 2: Important Lines of Separation between the JATC and the Union</b> – Lucas Aubrey JATC members and employees typically must act only in the interest of the JATC when acting in their capacity as JATC representatives. Questions of appropriate separation arise most often in connection with (1) apprentices' union membership and dues payment, and (2) confidentiality of JATC and Fund meetings. In this session we will discuss (1) the legal need for separation; (2) problems with JATC involvement in matters of the apprentices' union membership and dues payment; and (3) best practices to promote confidentiality, including tips for taking, maintaining, and distributing JATC meeting minutes.

MLB Auditorium #4	<b>Session 2: Intellectual Property of the electrical training ALLIANCE</b> – Cass Cook
MLB Auditorium #3	<b>Session 3: Harassment Investigations</b> – Allison Feldstein
NQ Room 2255	<b>Session 4: Scholarship Loan Agreements (SLAs) and Tuition Reimbursement Programs</b> – Lucas Aubrey SLAs are commonly used to promote the retention of apprentices in the unionized construction industry throughout the term of training and beyond. Under the Alliance's Model SLA, the JATC/AJATC advances the cost of training to the apprentice, and the apprentice agrees to repay those costs, either in cash or in kind by working a specified number of years after graduation for contributing employers. The Courts have unanimously approved these agreements. However, there have been changes in the law that have made it more difficult to collect when an apprentice, or former apprentice, defaults on the loan. We will discuss the current legal status of SLAs, the Alliance's Model SLA and the emerging "Tuition Reimbursement Programs," under which the apprentice pays as he or she goes, through payroll deductions when working.

Everyone is talking about the robots that are coming to take all the jobs. So far, robots have only been able to perform repetitious work at an acceptable level of competency with some money saving techniques. There are numerous jobs still requiring human thought and applied ethics. C and O groups are invited to explore the benefits of human augmentation on the jobsite. Discover the superiority of humans vs. robots when the playing field is leveled with applied technologies.

	<b><i>GENERAL SESSIONS</i> – Modern Languages Building (MLB), Auditorium 4</b>
7:30 – 8:45 AM	<b>IBEW 7<sup>th</sup> District's Foreman's Development Series: An Overview</b> – Gary Buresh This session will be an overview of the IBEW 7th District's Foreman's Development Series. In 2009, the 7 <sup>th</sup> District had a committee of Contractors and Foremen, with years of experience in the field, create a program to teach Journeymen electricians how to become a good Foreman. The Foreman's Development Series consists of 16, three-hour modules where Foremen and Journeymen participate in an action learning atmosphere of teaching and discussion focused on industry “best practices.” This has been used to teach CW/CEs, Apprentices, JWs and Foremen with 20 years of experience with very positive feedback. We are teaching practical skills that can be used on the job the very next day.
